PROFILE

I am a 4th-year BSIT student specializing in Web and Mobile Applications at FEU Diliman, with a strong foundation in technology and project management. I have hands-on experience in HTML, CSS, PHP, Bootstrap, JavaScript, Tailwind CSS, and WordPress, having developed and managed web applications through academic projects and internships. Passionate about innovation and continuous learning, I seek opportunities to apply my skills and contribute to a dynamic, growth-oriented environment.
